Frankfort, Ind., 3/2 1896

U. S. Mint Manager,
Philadelphia
Pa.

Dear Sir:

In connection with the study of the Metric System in my school work, I am desirous of knowing the dimensions and weight of coins in Metric denominations.

Knowing of no other way to secure this I write you asking same if it be permissible for such information to be given.

I would like the diameter, thickness and weight of the "nickel", "dime", "Quarter", "Half-dollar", "Dollar" "Half-Eagle", "Eagle" and "Double-Eagle"

If you can favor me with this information I shall be greatly obliged.

Respectfully

T. J. Skidmore
